

Zinta Harris

Principal

Resolve Estate Law

Zinta Harris is a Brisbane-based dual Accredited Succession Law & Business Law Specialist, Collaborative Lawyer, Mediator and Owner of a boutique specialist law firm Resolve Estate Law.

Zinta's firm [Resolve Estate Law](#) works exclusively in post-death estates work – with a focus on estate administration and resolution of estate disputes.

After over 25 years practising as a wills and estates lawyer, Zinta has seen firsthand the impact of estate battles on hundreds of families. She now specialises in helping grieving families stay out of Court and work together to reach an early resolution to their estate dispute so that these 'family wars' are avoided.

Zinta's work in recent years to expand the Collaborative Practice dispute resolution model into the wills & estates spheres has seen her recognised as the 2019 WLAQ Trailblazer of the Year and 2019 Lawyers Weekly Women in Law Awards Sole Practitioner of the year.

Zinta Harris is the author of the award winning book ["Rest in Peace – how to manage an estate dispute without inheriting heartache."](#) She also writes the popular blog ["Catching the Curveball"](#) which provides regular commentary on issues relating to grief, loss, estates law, family, parenting, love and life. Zinta regularly speaks at succession law conferences and events and is often interviewed on podcasts about her thoughts on thinking outside the law when resolving conflict.
